

Oriental Butterflies by Joyce Evans

Products used:

- 1 sheet each of red and black A4 card, the red card being folded to A5
- 1 sheet Gold Mirri card
- 1 sheet Oriental Peel Offs - Gold on Black
- 1 sheet Peel Off Borders – Gold
- Wizard Butterfly Reflections Die
- Double sided tape
- Glue
- Silicone Glue (optional)

How to make:

- Cut a strip of black card to half the width of the red card and stick to the left hand side with DS Tape.
- Cover the centre join of the card with a gold peel off border
- Cut and emboss 6 sets of Butterflies, 3 each of red and black.
- Cut or punch three squares approximately 55 mm in size from Gold Mirri card.
- Stick the 3 squares to the Card as in the illustration.
- Pair up the Butterfly shapes so that you have 2 with black as the base layer and one with red. In each case, the butterfly with the holes is the top layer.
- Stick the 2 black bases to the squares on the left of the card and one red base to the square on the right.
- IMPORTANT - stick the butterflies down by the body only so that the wings can stand up a little.
- Carefully position the top layer of each butterfly over the base and, as before, only stick the body down.
- If liked, blobs of Silicone Glue can be placed under the wings of the butterflies to keep them upright.
- Finally, choose some motifs from the Oriental peel off sheet and apply.
