Now that the school holidays are over I can get back to updating the website and making sure everything is hunky dory. Hopefully we will have a lots of new products to show you in the next Newsletter.

### P.S

For our regular customers who have been shopping with us over the last 12 months you will be aware that every 3-4 months we have a web site tidy up. ( 😊 webmaster stuff 😊 )

It's that time again with a fresh new look coming your way.

We have been looking around for a while now for new suppliers to broaden our range of crafting products. We think we have found that supplier.

We would like to know what you think. Below is a selection of products that we may stock.

**Wooden Blanks.** A great selection of wooden products ready for you to decorate. They are sure to be a favourite with the kids so you may need to hide them!

**New embellishments.** This is just a taster of a few of the new embellishments we could be bringing you.

The box of Chinese coins would be perfect for all your Oriental projects.

We have also seen some lovely new brads, because lets face it, you can never have enough brads!

When only an annoying tune will do! Musical inserts to really finish off your cards.

Die Cut self adhesive mosaic tiles to decorate. I am really excited by these, they come in different sizes and are fantastic for creating contemporary style cards.

Finally, there are some lovely new tools, including a set of 3 waterbrushes at an amazing price and tweezer packs.
