- ~ Reduced prices

New Stock

We have some unusual new items now in stock.

We would like to say a great big 'Thank You' to all of our customers for supporting us in the last year.

We hope you all have a fantastic Christmas and New Year. We will see you in the New year, with heavier tummies and lighter wallets no doubt!

Iron on motifs may seem a strange thing for a paperCraft company to stock but we think they are ideal to give handmade cards a 'different' feel.

Include the instructions inside the card and you have a card and a gift.

These are great for young children right upto teenagers. They can customise an inexpensive pair of jeans, jacket or even a school bag.

We have also added some miniature postcards to our range.

Each pack contains an assortment of approx. 36 themed Collectors Cards, Mini Postcards or Mini Christmas Cards measuring 35 x 70mm each. Acid free for easy card-making, scrapbooking and all other paper Crafts.

Merry Christmas

The motifs can be attached to your card with glue dots or some double sided tape.

Please let us know your thoughts on these as we are considering expanding the range.

These would be great for ATC's!

Brads

Some lovely new brads have just come in.

We have flower, stars and some gorgeous maple leaves.

Check the website for the full range.

- ~ Reduced prices

What have we been upto?

Hi Fellow Crafters

Well November was another busy month. We spent a lot of time sourcing new products, and then of course we have to get them all put onto the site.

Along with the beautiful motifs we have also added a Valentine section to the site. We are hoping to pull all love themed products there so you have to search less!

We wish you all a very Merry Christmas and a happy, healthy and prosperous new year!

See you in the New Year!!!

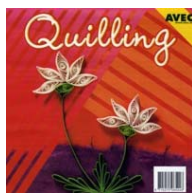

Sam & Rich xxx

Quilling

Another new range!

Quilling, or paper filigree, is the art of rolling and gluing thin strips of paper into different shapes to create decorative designs.

These beautiful three-dimensional embellishments can then be used to decorate anything from a card or invitation, to a picture frame or scrapbook page.

While the technique for quilling is very simple, the design element is very complex, making it an ideal craft for both beginners and more advanced because it can be as intricate or as simple as required.

If any of you out there are already having a go at quilling then, please do let us know.

I have not had a go yet so I don't have any projects to post.

We would love to have some examples to put on the website!

Reduced Prices

We have reduced the prices our Habico embellishments. The small packs are now £1.30 per pack and the larger ones are now £1.50 per pack.

You can find the Habico embellishments in the General Embellishments section on the website.

Card Competition

Our Christmas card competition winners will be announced in the January Newsletter.

We have had some beautiful cards, and all very different.

Well done to everyone who entered.
