More Christmas Ranges

We have two more great Christmas ranges now available.

The second range is the Rose Tinted Christmas range.

Both ranges are from Die Cuts with a View so you know they will be fantastic quality.

Website Problems

We apologise if you have encountered any problems when trying to complete feedback forms on the website.

It was not our fault for a change, we have now been moved to a different server and everything should now be back to normal.

If you do notice anything unusual then please let us know as we don't always spot things!

The first range is Christmas Wishes. The stack contains 60 sheets of brightly coloured cardstock. Based around a palette of bright greens and festive reds the stack contains a great mixture of modern and traditional designs.

These stacks also contain 60 sheets and are based on a colour palette of rosy pinks.

We will only be stocking this range once so please get your orders in quickly if there is something that you have your eye on!

I think this range makes a fantastic contrast to all the green and red and is perfect for the girls.

Also available are the coordinating rub ons and ribbon stickers.

Both of these ranges are fantastic value with a 6x6 paper pack at just £2.50!

These ranges are great if you have a lot of Cards to make. I met a lady at one of the Craft Fairs who had to make 70+ Cards!!!!

These ranges will certainly make your money stretch a little further.

The ribbon stickers and rub ons are just £1.10 per pack with the paper packs at £2.50 for a 6x6 pack and £3.50 for an 8x8 pack.

This is amazing value for such good quality cardstock.

I hope you are all busy making lots of lovely cards and scrapbook pages. Please e-mail a picture of your work in to us here, we love to see them and it is great to share ideas with others.
