## More lovely projects

We have some more lovely projects that have been sent in by Ros.

I think the mini birdhouse is absolutely fabulous, all new projects can be seen on the project pages.

Please send in your projects and we will feature them on the website.

## Weekly Offers

As you may have noticed from last month, we have bought back weekly offers.

Each week we aim to bring you some of your favourite products at great prices but for 1 week only.

We have already had great offers on embossing powers and purple cow products.

We would like to know what you would like to see as weekly offers.

This time of year is usually quite quiet for new crafting products before the Christmas ranges get launched in a couple of months time.

So we thought what a great time to offer some great deals!

## New Paper Packs

We have two new gorgeous paper packs now in stock.

Chic Bebe and Cloisonne.

Chic Bebe is a great stack for kids projects, but with a grown up twist. Cute animals, words, trucks and cars mix with simple designer backing sheets in a colour palette moving from pale yellows and blues through to chalky lilacs and rich brown, this all results in a stack with universal appeal and a multitude of uses.

36 pages of double sided designs with a linen effect, includes 6 foiled, 18 shimmer, 3 glittered and 3 with both glitter and shimmer effects.

GCD creates luxury designer paper pads based around a variety of modern and classic themes, offering outstanding quality and exceptional designs at a great value price.

Cloisonné is all about love and romance: delicate flowers, bold hearts and cupid himself mix with pretty tiled backing designs which makes for a delightfully useable stack.

Cloisonné is definitely one for romantics, the colour palette is deliciously pink with just a dreamy hint of summer peeking through. 48 pages of double sided designs with a linen texture.

Every pad from GCD contains 12 carefully chosen designs with a co-ordinating finely detailed print on both sides, giving you a full 24 designs to use, and a textured linen finish.

Plus there are plenty of speciality finishes including glitter, flocking, foiling and a special gloss effect on offer.

### What are we up to?

Hello

I was kept very busy preparing for the open weekend of the new wedding shop (article right).

Now I can get back to some normal Crafting.

There will be some new Dovecraft ranges to be released soon. The ranges are called Piece of Cake, Back to Basics and Eastern Promise, we are hoping to have them in early this month, A full article will follow in next months newsletter but we will of course let you know as soon as they are here!

I have seen the ranges already and they are all gorgeous, it will be hard to choose a favourite.

We finally have the Smirk clear stamps in stock, it took a while but better late than never!

You can find them under the Smirk heading on the website.
